Mr. Sanders Garland is visiting friends in Baltimore, but will return in time to exchange New Year greetings at his home in Petworth.

Mr. and Mrs. Arthur E. Randle, of Congress Heights, are at the Waldorf-Astoria, New York, for the holidays. They will spend the balance of the winter and spring, on their return to Washington, at the Arlington Hotel.

AT THE THEATRES.

AT THE THEATRES.

Marie Burroughs and "The Battle of the Strong" will be seen for the first time in Washington at the Columbia Theatre this evening. Public curiosity has already been aroused to a considerable extent and tonight's opening promises to be one of the most conspleuous events of the theatrical season. Miss Furroughs is no stranger to Washington theatregoers and the favor washington theatregoers and the favor in the termal; in brief, they will determine our contribution to the progress and advancement of mankind. advancement of mankind.

taken the millstone from man's neck with which ignorance has held him down to the ground. The gradual emancipation of the human mind from the thraldom of ignorance is evidenced by an actual decrease of poverty and superstition and an appreciable gain in morals.

"The great and stapendous forward movements of mankind in the various branches of science are solely due to the unfettering of the human mind, to the free atmosphere man has breathed during the movements of manking in the various branches of science are solely due to the unfettering of the human mind, to the free atmosphere man has breathed during the decades of this century. The powers are broken forever that chained human genius to the rock and impeded and discouraged free enquiry and the expression of truth. Society has passed from the narrowness of former ages out into the breadth of fullness of God's universe, where the human mind is unfolding itself and developing powers unknown before.

Public Printer, who is designated, "A True Friends of Organized Labor; "Some of Our Veterans," by W. N. Brockweil; "The Washington Linotype School;" "Typographic Reminiscences," by A. F. Bloomer, "The Allied Trades Label," by John E. Fulenwoider.

powers unknown before.
"Human genius by inventions and discoveries has increased a thousandfold the productiveness of labor, placing withplayed a most successful engagement dur-ing the past week. After this engage-ment here the play will be taken to New in the reach of the poorer classes the comforts and conveniences of civilized life that ease life's burden. With more decent homes we may look for a distinct gain in merals. With ample means of education opportunities are opened for all that augur a enarer approach to equality between all classes and conditions of men. That human welfare is a stream made up of a confluence of inany streams is a truth gradually dawning upon the world, and when once fully grasped with prove an inestimable boon and blessing for all time

"But there is a reverse side to our pie

"But there is a reverse side to our picture painted in darker hues. Rev. Dr. John Watson, 'Ian Maclaren,' a man of deep learning and great practical wisdom, in an article entitled 'A Message for the New Century' takes a rather gloomy view of the moral conditions of this fin de siecle. He says:

"Great as is the century into which all the former centuries have emptied, yet there is no cause for self-complacency. * * Our foolish extravagance, our adoration of fine and good clothes, our government of cities, our political economy, which leaves millions without daily bread, our churches whose religion is too much detached from human life, will all be seen by the age that shall come after us.'

come after us."
"That these strictures are based upon a true condition of affairs no one will deny. But is it not a fact that he world is conscious of these defects and is endeavoring to remedy them? Press pulpit, and platform are urging plainer living and higher thicking as conductive to true happiness. Our large municipalities have their reform leagues, their good citizens' clubs, their anti-vice crusades. All these movements are but indications of the desire on the part of the better class of citizens on the part of the better class of citizens on the part of the better class of critizes to rid government of venality and corruption. The problem of the unemployed is receiving careful study of trained minds and feeling hearts, and some solution urtimately will be found.

"Churches and synagogues are alive to the religious indifference that exists and are making herculean efforts to bring a
